---

**Dear Mr. President Palinkas!**

Please find hereby, the application of the subscribe, Romanian Shooting Sport Federation ("RSSF"), to become member of FITASC association, on the Sporting and Universal Trap disciplines. As you are probably aware, RSSF was founder member of FITASC. A founder is for a life time, unfortunately during the communism regime such quality was lost. We are kindly asking for the recognition of the member statute. Beside this main argument, please be informed that the RSSF is the only authority in Romania organizing and supporting Sporting and Universal Trap competitions. RSSF provides clays, shooting ground and necessary staff (arbiters, pullers, etc). In the absence of the affiliation, we shall not be able any more to justify and organize the competitions and the Romanian championship will disappear.

As a result, less shooters will attend international competitions organized by FITASC. This is our only way to support Sporting and Universal Trap as they are not Olympic disciplines. In this respect, we need your support to became member again. We are aware that CSTT is affiliated for Romania, however, there are several countries having more than one association or federation as member. A monopole situation would not be on the benefit of FITASC.

Please be informed that in the present there are 10-12 shooting clubs and 60-80 shooters attending Sporting and Universal Trap competitions, all members of the RSSF and supporting RSSF. Such numbers are yearly increasing, as the results of the RSSF efforts only.

We are a very prestigious state federation, with important and very good international results and we think that our serious name will help FITASC imagine.

We are sure that in the future the licenses members number from Romania will continue to increase if we keep organizing the championships. We have a program to trigger more people to clays disciplines so a cooperation in this respect will be on our both benefit.

We are sure we will find a solution together and this will result in a good collaboration in the future. It will be a honor for us to become FITASC member again and a good benefit for FITASC too.

Sincerely yours,

President

MIHALACHE LUCIA
